

June 21, 1974

Grant Application No. 955

PHARMACOLOGY

To: The committee comprising Drs. Bing, Gardner and Liebow

Subject: George B. Weiss, Ph.D., University of Texas Southwestern
Medical School, Dallas
New application No. 955
"Agents which Alter the Transport, Storage and Distribution of Nicotine"

You are seeing this proposal for the second time. It was sent to you on February 6, 1974, but was withheld from the March 1974 agenda because funding was requested only as of January 1, 1975. (The interim has been well spent in obtaining evaluations).

To give you full data we enclose the following:

1. FWN to committee, February 6, 1974, with application.
2. Dr. Weiss to FWN, June 18, 1974, updating proposal.
3. Evaluations:
 - a. Dr. Essman, February 25, 1974
 - b. Dr. Pohorecky, March 1, 1974
 - c. Dr. Bing (undated)
 - d. Dr. Liebow (undated)
 - e. Dr. Gardner, February 19, 1974 (Re last sentence: Dr. Miller was approached for an evaluation but suggested Dr. Pohorecky in his stead.)
